Ahmedabad, Gujarat, India | +91 91046 19800 | parthpansuriya70@gmail.com
Portfolio: parthpansuriya-portfolio.vercel.app

PROFESSIONAL SUMMARY

Early-career SEO and digital marketing professional at Amar InfoTech, working on technical and on-page SEO, keyword research, competitive content analysis, and Google Search Console monitoring. Experienced in WordPress blog SEO across multiple projects, with additional responsibility for social media content creation and platform management. Combines SEO fundamentals with web design and front-end skills in HTML, CSS, JavaScript, Bootstrap 5, and Figma, giving a practical understanding of how page structure, responsiveness, and content support organic visibility.

CORE COMPETENCIES

- **Search Engine Optimization (SEO):** Technical SEO, On-Page SEO, Keyword Research, Competitive Content Analysis
- **Content and WordPress:** WordPress Blog SEO, Content Optimization, Content Strategy
- **Social Media and Digital Marketing:** Social Media Content Creation, Social Media Management, Digital Marketing Support
- **Web Design and Front-End Development:** Responsive Web Design, Semantic HTML, Cross-Browser Testing, UI Design, Wireframing
- **Analytics and SEO Tools:** Google Search Console

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript (ES6+), Bootstrap 5

Design: Figma, Adobe Photoshop

SEO: Technical SEO, On-Page SEO, Keyword Research, Google Search Console

PROFESSIONAL HIGHLIGHTS

- Contributed to SEO work across seven projects: Visakix, Nita Overseas, ExcelPTP, TravellGDS, Skill PTP, QTrace, and Amar InfoTech.
- Supported WordPress blog SEO for five websites, including ExcelPTP, TravellGDS, Skill PTP, QTrace, and Amar InfoTech.
- Created social media posts and managed social media platforms for PTP Trainings.
- Moved from web design to SEO and digital marketing, applying front-end knowledge to on-page and technical SEO work.

PROFESSIONAL EXPERIENCE

Junior SEO & Digital Marketing Executive January 2026 – Present
Amar InfoTech | AI-Driven Software Development Company

- **SEO research:** Conduct keyword research and competitive content analysis to support search-focused content planning.
- **Technical and on-page SEO:** Manage technical and on-page SEO improvements on websites to strengthen organic visibility.
- **WordPress blog SEO:** Optimize WordPress blog content using relevant SEO practices across company and client projects.
- **Search performance:** Monitor Google Search Console metrics and optimize pages to improve search performance and conversions.
- **SEO project support:** Support SEO work for Visakix and Nita Overseas alongside ongoing blog optimization projects.

Web Designer Intern July 2025 – January 2026
ExcelPTP | Professional Training Programs

- **Responsive design:** Designed responsive layouts and interactive landing pages for desktop, tablet, and mobile screens.
- **Front-end development:** Built page components using HTML5, CSS3, JavaScript, and Bootstrap 5.
- **UI improvements:** Improved navigation and visual clarity of user interface components.
- **Quality checks:** Performed cross-browser testing and responsive front-end integration.
- **Design tools:** Used Figma and Adobe Photoshop for layouts and visual assets.

HOW WEB DESIGN SUPPORTS MY SEO WORK

- Understand page structure and semantic HTML, so on-page recommendations can be checked and applied directly.
- Know how responsive layouts, page speed, and accessible markup affect user experience and search performance.
- Communicate clearly with developers and designers when technical SEO changes are needed.
